

Kentec Electronics Ltd. Training Courses

Syncro Foundation Course Schedule

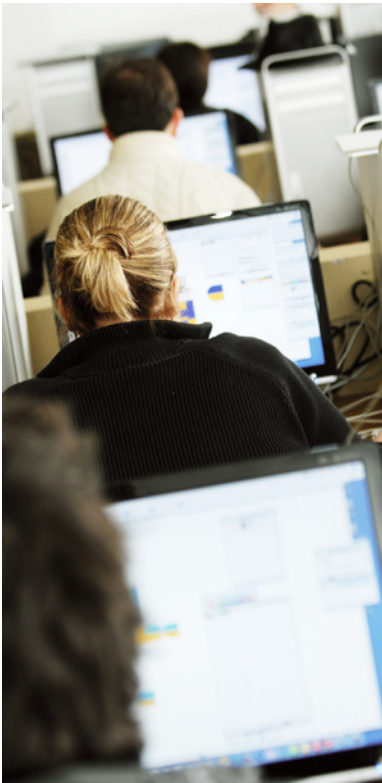

The Syncro Training Course is a foundation course, designed to provide a core understanding of the product, such that attendees can operate, configure and commission the panels, typically for small to medium site installations.

The course follows the following schedule -

- Registration and Introductions
- An overview of Kentec Electronics Ltd.
- Syncro Product Range – Hardware features and facilities
- Panel controls and Level 2 & Level 3 Menu facilities
- Loop Explorer Configuration Software – how to generate, edit and transfer the Syncro panel configuration
- Multiple Choice Assessment Paper (25 Questions)
- Hands-on programming session

Demonstration panels and laptop computers will be available for use during the training session

Attendees will receive a certificate of attendance upon completion of this course.
